REVOLUTIONIZING OUT-OF-HOME ADVERTISING

hoardify.in@gmail.com

Hoardify

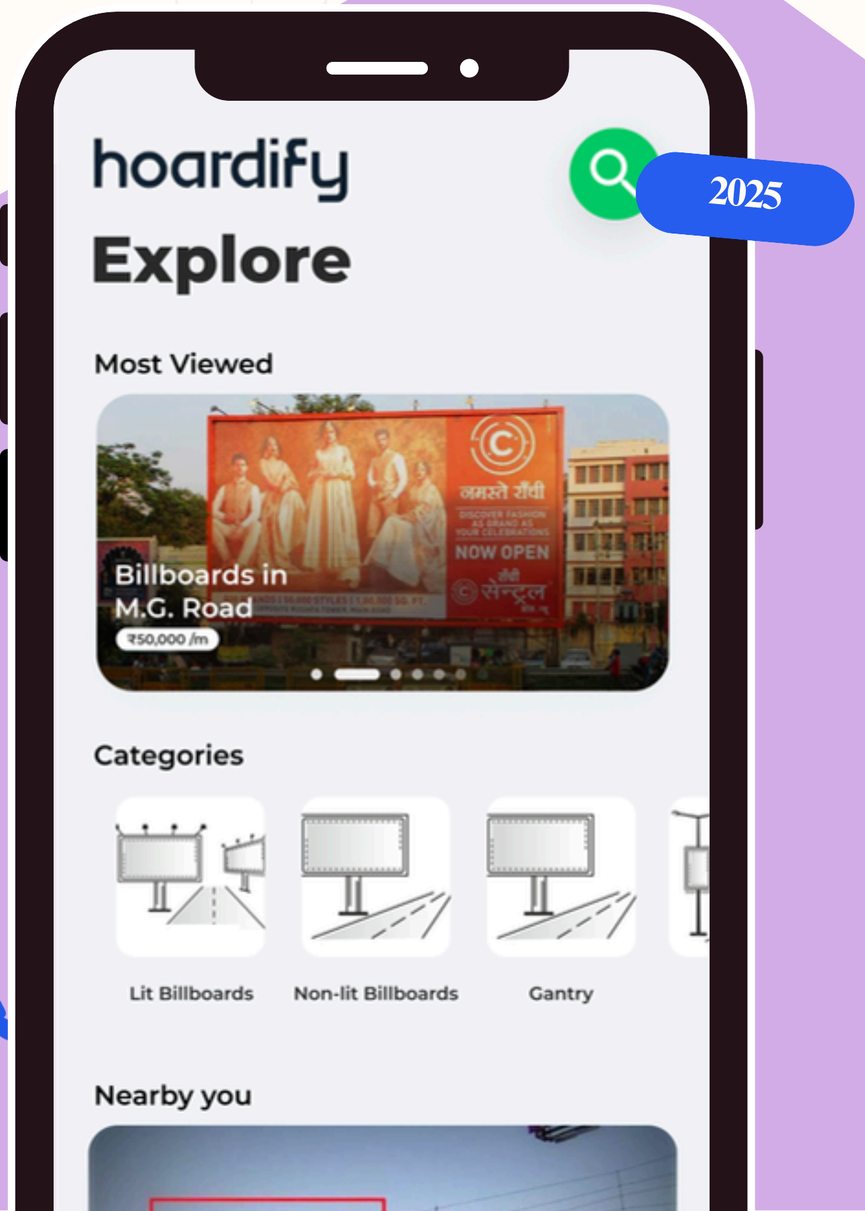

PROBLEM STATEMENT

The Chaos in OOH Advertising

- Lack of centralized information on hoarding availability.
- Non-transparent pricing creates uncertainty.
- Difficulties in coordinating design, printing, and booking.

Impact: :-

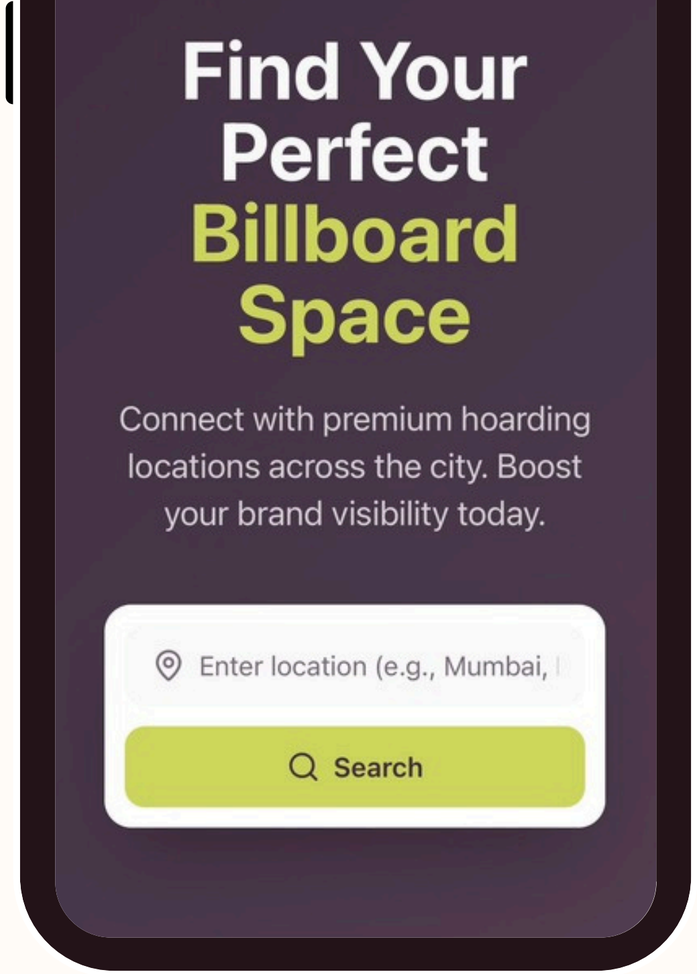

- Businesses face inefficiency and higher costs.
- Advertising agencies struggle with fragmented workflows.

Hoardify

OUR SOLUTION

HOARDIFY.IN

- A platform unifying hoarding availability, booking, design, and printing.
- Interactive map-based search, transparent pricing, and end-to-end service.
- Benefits: Saves time, reduces costs, and ensures seamless execution.

Hoardify

MARKET OPPORTUNITY

Indian Outdoor Advertising Market :- Estimated at **$ 524** Million.

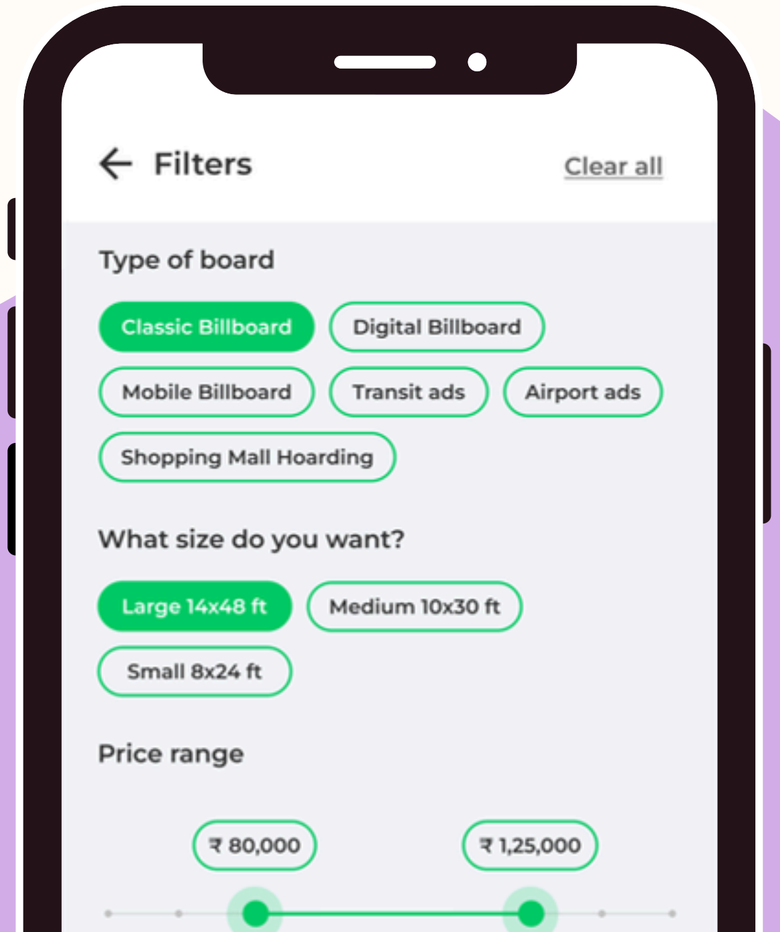

Indian Billboard Advertisement Market Size :- **$ 280** Million.

Emerging Opportunities:

Rapid urbanization and increasing advertising demand in Tier 2/3 cities.

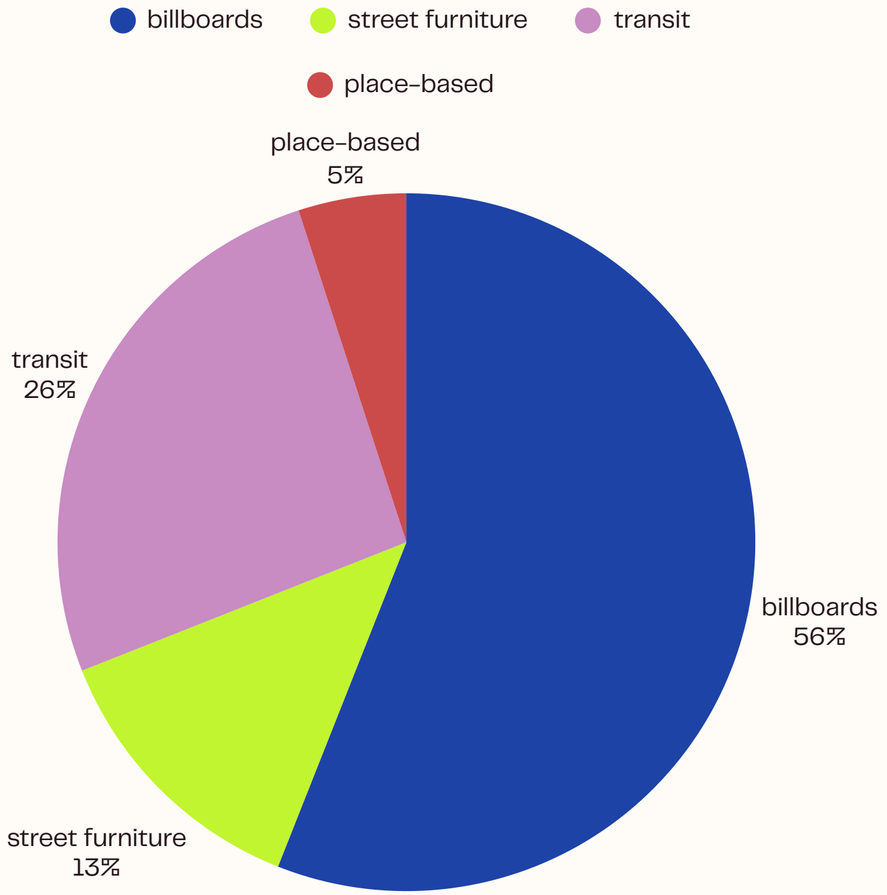

Target customers:

- **Small and Medium Businesses:** Looking for cost-effective local advertising.
- **Advertising Agencies:** Needing centralized tools for managing campaigns.
- **Government Campaigns:** Public awareness and election advertising.
- **Event Organizers:** Promoting events like concerts, festivals, and expos.
- **Real Estate Developers:** Advertising property launches and projects.
- **Educational Institutions:** Announcing admissions, programs, or results.
- **Healthcare Providers:** Promoting hospitals, clinics, and health camps.
- **Retail Chains and Franchises:** Driving footfall to stores or new outlets.

MARKET STATISTICS

CLASSIFICATION OF TRADITIONAL OOH MARKETING

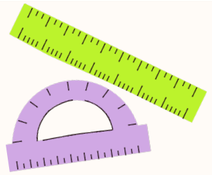

CLASSIFICATION OF OOH MARKETING

Hoardify

KEY FEATURES OF HOARDIFY

1. **Centralized Hoarding Database :-** Comprehensive inventory of hoardings with location and pricing details.
2. **Interactive Map Integration :-** Visualize hoarding locations and dimensions using Google Maps.
3. **Transparent Pricing :-** Clear cost breakdown for hoarding rental and printing services.
4. **End-to-End Service :-** Design, printing, and installation managed through the platform.
5. **Real-Time Booking :-** Instant availability checks and hassle-free bookings.
6. **Analytics and Campaign Tracking :-** Post-campaign insights on reach, traffic, and engagement.

Hoardify

REVENUE MODEL

HOW HOARDIFY MAKES MONEY

Commission on Bookings

A percentage of the rental cost for each hoarding booked through the platform.

Design Services

Charges for custom advertising designs created by our in-house team.

Printing and Installation

Margins on flex printing and installation services offered at competitive rates

Premium Listings

Paid promotions for hoarding owners to feature their spaces prominently.

Subscription Plans

Monthly/annual packages for advertisers with recurring needs.

Dynamic Pricing

Higher charges for high-demand slots (e.g., prime locations, festive seasons).

Future Expansion Opportunities

- Event Posters: Small-scale advertising for birthdays, anniversaries, etc.
- Government and Election Campaigns: High-value contracts with strong margins.

COMPETITIVE ANALYSIS

Competitor	Strengths	Weaknesses	Our Edge
Traditional Agencies	Established networks, expertise in outdoor ads.	Lack of transparency, high fees, and manual processes.	Automated, transparent, and user-friendly platform.
Online Ad Platforms	Reach and scalability.	Limited to digital advertising, no offline presence.	Focused on offline hoardings with advanced tracking.
Small Hoarding Aggregators	Niche local focus, lower costs.	Inconsistent service quality and limited inventory.	Comprehensive inventory and reliable service.
Printing Services	Cost-effective printing solutions.	No end-to-end campaign management.	Integrated printing and campaign tracking services.

Key Differentiator:

Our platform bridges the gap between local advertising needs and modern tech-driven solutions, offering end-to-end campaign management that traditional and digital competitors can't match.

BUILDING TRACTION

GO-TO-MARKET STRATEGY

Phase 1: Pre-Launch (Building Supply)

1. Onboard Hoarding Owners
   - Partnerships with local hoarding owners and advertising agencies in Ranchi.
   - Offer free listings or incentives for early adopters.
2. Data Collection
   - Conduct groundwork to map hoarding locations and collect details like size, pricing, and availability.
3. Community Engagement
   - Build excitement via social media campaigns, teaser ads, and a pre-launch sign-up page.

Hoardify

Phase 2: Launch (Driving Demand)

1. Introductory Offers
   - Discounts and free design/printing services to attract initial advertisers.
2. Digital Marketing
   - Targeted ads on Google, Facebook, and Instagram for local businesses.
3. Local Outreach
   - Sponsor college events, trade shows, and community activities.

Phase 3: Growth (Scaling Up)

1. City-by-City Expansion
   - Expand to nearby Tier 2 and Tier 3 cities like Jamshedpur, Dhanbad, and Bhubaneswar.
2. Strategic Partnerships
   - Collaborate with event planners, political organizations, and marketing agencies for larger campaigns.
3. Referral Programs
   - Reward existing customers for bringing new users or repeat bookings, fostering long-term loyalty.

Hoardify

ROADMAP

Phase 1: Pre-Launch & Tech Development (Q1 2026)

1. Build Inventory
   - Partner with hoarding owners in Ranchi for exclusive listings.
2. Tech Development
   - Build a user-friendly website with features like hoarding search, interactive maps, and transparent pricing.
   - Develop a mobile app for ease of use and better accessibility.
3. Generate Buzz
   - Utilize social media to target local businesses.
4. Community Engagement:
   - Conduct workshops to showcase platform benefits to local advertisers.

Hoardify

Phase 2: Launch & Marketing (Q2 2026)

1. Discounted Services
   - Offer introductory rates for hoarding rentals, design, and printing to attract users.
2. Digital Marketing Campaigns
   - Run Google Ads, LinkedIn, and Instagram campaigns to drive platform traffic.
3. Partnerships
   - Collaborate with local marketing agencies and printers to increase service reach.

Phase 3: Growth & User Engagement (Q3 2026)

1. Loyalty & Referral Programs
   - Launch rewards programs for repeat users and incentives for referrals.
2. Dynamic Pricing
   - Introduce premium rates for high-demand areas and seasons.
3. App Enhancements
   - Add features like real-time campaign tracking and analytics.
   - Enable users to book multiple hoardings for city-wide campaigns.

Hoardify

Phase 4: Expansion & Diversification (2027 and Beyond)

1. City Expansion
   - Roll out operations in neighbouring cities and towns like Jamshedpur, Dhanbad, and Patna.
   - Focus on high-traffic urban hubs with established advertising demand.
2. Enterprise & Government Projects
   - Target government campaigns, election advertisements, and large-scale corporate branding projects.
   - Offer premium features like customized dashboards for large clients.
3. Advanced Features
   - Introduce AR/VR tools for clients to visualize their ads in real-world settings.
   - Develop APIs for integration with third-party marketing tools.
4. National Expansion:
   - Establish operations in metropolitan cities like Delhi, Mumbai, Bangalore, and Kolkata.
5. New Revenue Streams:
   - Add services like digital hoarding ads, LED screens, and transit media advertising (buses, metros).
   - Provide personalized marketing consultancy for premium clients.
6. Technological Advancements
   - Integrate AI to recommend optimal ad placements based on traffic data and target demographics.
   - Launch self-serve advertising portals for smaller businesses and individuals.

Hoardify

FINANCIAL FEASIBILITY

A ROBUST MODEL

- Hoardify demonstrates strong financial feasibility with low initial capital requirements, scalable technology, and multiple revenue streams.
- The platform follows an asset-light model, no need to own hoardings, which significantly reduces operating costs.
- Our revenue increases as we scale to more hoarding owners and advertisers, while operational costs grow slowly due to automation and technology-driven processes.
- We project break-even within the first year, driven by onboarding 80–100 hoardings and acquiring 50–70 advertisers in the first 12 months.

Business Model Revenue Streams

1. Commission per Hoarding Booking – 10–15% of booking value
2. Listing Fees from Hoarding Owners – yearly / quarterly
3. Design Services – ₹500–₹2000 per design
4. Printing Margin – 15–20% profit per print
5. Priority Listing (Future) – subscription model

Hoardify

1–YEAR FINANCIAL PROJECTION

(MONTH-WISE)

(Assuming launch in a single city like Ranchi)

Revenue Assumptions

- Avg hoarding booking price: ₹45,000
- Hoardify commission: 12% (≈ ₹5,400 per booking)
- Avg 3 bookings in month 1 → growing 20–35% monthly
- 4 design orders per month (avg ₹800)
- 5 print orders per month (avg ₹1,500 with ₹300 margin each)

Cost Assumptions

- Cloud + basic infra: ₹8,000/month
- Part-time developer/maintenance: ₹15,000/month
- Marketing (ads + promotions): starts low, increases slowly
- Other ops: ₹3,000–₹5,000/month

Hoardify

MONTH-WISE REVENUE DATA

EXPECTED REVENUE (₹)

Month	Expected Bookings	Booking Revenue (₹5400 per booking)	Design Revenue	Printing Margin	Total Revenue
Jan	3	16,200	3,200	1,500	**20,900**

DETAILED FINANCIAL PERFORMANCE

A MONTHLY SNAPSHOT

The graph clearly highlights the break-even point in march and the subsequent surge in profit, culminating in a significant profit margin by the end of the year.

Hoardify

FINANCIAL FEASIBILITY

SUMMARY

- **Break-Even Month:**
  Month 3 (March)
  - extremely strong because avg hoarding price is high.

- **Total Revenue (Year 1):**
  ₹1,568,756 (~₹15.7 lakh)

- **Total Cost (Year 1):**
  ₹414,000 (~₹4.14 lakh)

- **Net Profit (Year 1):**
  ₹1,154,756 (~₹11.5 lakh profit)

- Hoardify is financially strong, highly scalable, and profitable within the first quarter.
- With an average hoarding price of ₹45,000, our 12% commission generates ₹5,400 per booking.
- Using a city-first approach, we achieve rapid monthly revenue growth, breaking even in Month 3.
- During the first year, Hoardify is projected to earn ₹15.7 lakh in revenue with ₹11.5 lakh net profit, driven by hoarding bookings, design services, and printing margins.
- This demonstrates a high-ROI, asset-light, and technology-first business model suitable for rapid scaling across multiple cities.

Hoardify

TECHNOLOGY

CUTTING EDGE TECHNOLOGY

Interactive Mapping with Geo-Tagging

Real-time hoarding locations, dimensions, and traffic density using Google Maps.

ML-Driven Analytics & Campaign Tracking

Data based insights on visibility, ROI, and post-campaign performance.

Dynamic Pricing Algorithm

Adaptive pricing based on location demand and seasonality.

Hoardify

CURRENT PROGRESS

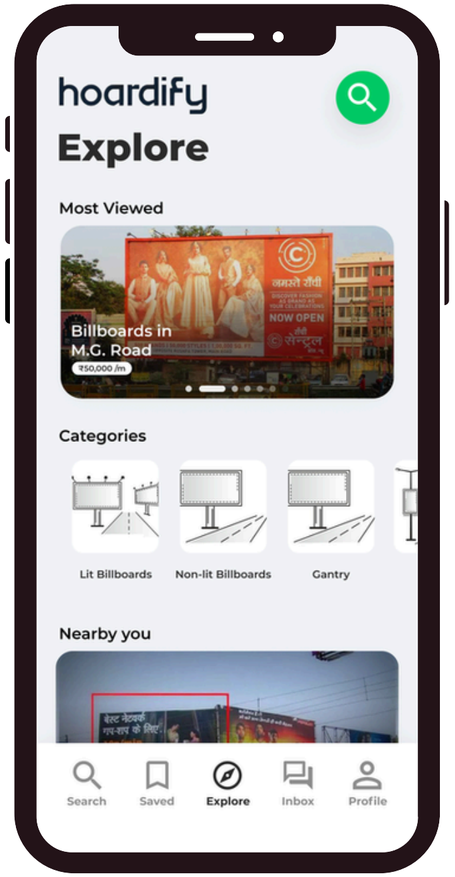

WHERE WE STAND TODAY

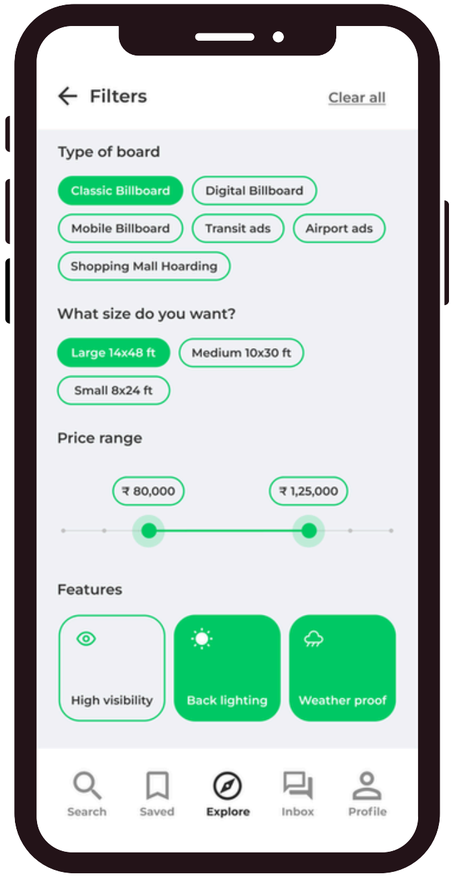

1. **Idea Validation:**
   - We validated the market need through extensive research and real-world stakeholder interactions, confirming strong demand for a unified outdoor advertising platform.
2. **MVP Development Completed:**
   - Our website's MVP is fully built and functional, with complete UI for both app and web. We are now refining the platform for stability, performance, and enhanced user experience.
3. **Hoarding Mapping & Data:**
   - Successfully mapped major hoarding clusters across Ranchi and nearby cities, building the foundation for scalable data expansion.
4. **Partnerships Strengthened :**
   - We have secured onboarding interest from three major outdoor advertising players in Eastern India - Selvel, Brite and Spectrum , who collectively manage thousands of hoardings. They are ready to go live once our platform achieves final stability.
